WILSON IS IMPROVING FROM COLD

(By Associated Press)

PARIS, April 5.—President Wilson kept after 9 o'clock this morning and no bulletin was issued by Rear Admiral Grayson, his physician. A thought the president did not get to sleep until late in the evening it was announced this morning that he passed a satisfactory night.

It was planned to have the council of four meet at the Paris "White House" in a forenoon session today. When the president awoke it was announced that he would be better with a Sunday's rest after coming. It is believed possible he might attend Monday's meeting at the council of four.

The president was slightly better at noon today, an official bulletin of his condition said. His cold, however, is still pronounced enough to cause a slight temperature.

(By Associated Press)
WASHINGTON, April 5.—A message received at the White House from Dr. Grayson, the president's physician, says Wilson's condition is such that there is no cause for worry.

ALLIED ARMIES OUTRANK ENEMY

(By Associated Press)

WASHINGTON, April 5.—Figures on the late status of military forces in Europe General March announced today show that the armies of the Central powers, as now organized, constitute about 15 per cent of their strength when the armistice was signed, while the allied forces still organized comprise 75 per cent of their total strength on November 11.

Official dispatches show the aggregate strength of the Central powers is now 1,125,000 against their combined strength in November of 7,500,000. The allied armies in November totaled 13,600,000, of which only 25 per cent has been demobilized.

RAILROAD FAILS TO PUT ON SECOND PULLMAN CAR

Great indignation is expressed daily over the action of the Southern Pacific in not giving better accommodations to travelers coming to Tonopah. Every night the day coach and one sleeping car are packed to more than capacity and men and women coming here are forced to sit up all night. The railroad company stated last week that a second sleeper would be attached at Sparks but no effort has been made to keep the promise.

Bonanza Doubles Equipment To Meet Rush of Business

The Tonopah Daily Bonanza has bought the best and most efficient outfit owned in Nevada and is prepared to deliver work on the shortest notice. This equipment includes a Model 14 Mergenthaler linotype, the latest up-to-date machine known to the printing trade. This is the only machine of the kind in Nevada.

The average machine requires the operator to change magazines every time he wants a change of type, but the Model 14 does all this of time and delivers any kind of type from the smallest to the large sized used in display heads and jobwork without the operator leaving his chair. The change is accomplished by simply turning a lever which brings about the magical transformation. Moreover, the linotype will be operated by electricity for both power and heating the metal. Former machines depend on gas or gasoline for melting the metal which supplies the slugs, or lines forming the article going into type. The Tonopah Bonanza has the distinction of having the only linotype of the kind in Nevada.

Mr. W. W. Booth, manager of the Bonanza, has just returned from San Francisco, where he went to purchase the latest and most complete equipment to be had for money, and patrons of the Bonanza may rest assured that they will find this office equal to the task of turning out quickly the most perfect work that can be had from any metropolitan office.

The Bonanza management realizes that the Divide boom is only in its infancy and that the enormous amount of printing growing out of this improvement called for the installation of the best plant that could be had for money. The force in the mechanical department will be increased by four men who were engaged in San Francisco, so the delays inevitable from the newly developed business will no longer be a source of annoyance.

A large supply of new type faces in galley cabinets, composing stones and job type cabinets are included in the orders placed by Mr. Booth.

The Bonanza is not accustomed to blowing its own horn every day, as it is willing to let its work speak for itself and satisfy customers who want the best and latest form of printing. The Model 14 Mergenthaler should arrive Monday and will be installed immediately so that before the end of next week this office will be prepared to accept commitments for immediate delivery. The Bonanza has also the advantage of the only bindery in Southern Nevada which will deliver completed office records and stock books on short notice.

KENDALL DIVIDE HAS FIVE CLAIMS

The Kendall Divide Mining company has taken over five claims east of the Hasbrouck and contiguous to the Mormon girl. Subscriptions will be received at the office of the Divide Brokerage company at 10 cents a share. The location has been passed upon by some of the best engineers who give it their endorsement. The chief stockholders are J. B. Kendall, former manager of the Goldfield Consolidated, N. P. Theo, G. N. Theo, L. A. Hammond and M. A. Kendall. The stock will be listed in San Francisco and New York next week.

REPARATION TO LAST DOLLARS LATEST DEMAND

(By Associated Press)

PARIS, April 5.—France cannot yield on the question of obtaining adequate reparation from Germany. Le Matin declared in an editorial today, dealing with the peace conference.

"On all territorial question at satisfactory agreement is being reached," Le Matin says, "but concerning the reparation question, there is still a gap between what we are offered and what we justly demand. The French government will be unyielding in this matter."

PORT OF DANZIG OPENED TO POLES

(By Associated Press)

PARIS, April 5.—Field Marshal Foch has telegraphed the allied governments that the rights of the allies to use Danzig as a port for the return to Poland of Polish troops in France has been formally upheld in conference with the German representatives.

HORSESHOE GROUP ACQUIRED TODAY

Frank B. Caldwell, Herb. Humphrey, Zeb Kendall and Fred A. Burnham have acquired three claims adjoining the Divide City, Hennessy and High Divide groups. About two-thirds of a claim which projected into the group was acquired from the Divide City to round out the formation into horseshoe shape. The ground is situated so that "it will get a good length on the strike of the veins of the Divide City, Hennessy and High Divide. The surface rights are included in the Divide City townsite which is considered a substantial asset. The group will be known as the Horseshoe Divide Mining company, officered by Frank B. Caldwell, president and engineer in charge; Zeb Kendall, vice president and Fred A. Burnham, secretary and treasurer. The property was bought mainly from Elmer Goetz, Fred A. Burnham and Frank Helm. The incorporation papers are in the hands of Frank K. Pitman and will be ready today. The estate is considered the best piece of ground open today and the management proposes to get action on development without delay, as the financing of the corporation is presaged by the great demand for pre-organization stock.

ALLIED TROOPS IN IMMINENT PERIL IF HELP DOES NOT COME

(By Associated Press)

WASHINGTON, April 5.—Declaring that the Archangel situation from a military view, is well in hand, General March said today that it was "incredible that the allied forces there can be driven into the sea by anybody." He announced that the war department's plan was to have the American forces out of that portion of Russia by the end of June.

General March's statement was made in connection with the report from England that the allied and American forces combating the Bolsheviks were in a serious situation. There had been no statement in the conditions under which the Americans will withdraw, nor any announcement to indicate that they will be accompanied by all allied forces now operating in cooperation with them.

BRITISH SENDING TROOPS TO RUSSIA

(By Associated Press)

LONDON, April 5.—Winston Churchill, secretary of state for war, sent a telegram in his own name to the British forces in northern Russia, says the Mail, promising that they will be supported and relieved at the earliest moment, that men who have been there three months will be brought home as soon as other troops arrive to take their places.

AMERICAN FLOUR REACHES HAMBURG

(By Associated Press)

LONDON, April 5.—A Russian dispatch from Berlin says the distribution of the first American flour to arrive in Germany began at Hamburg Thursday. The distribution will be continued four weeks. Reports state that a large quantity of flour was stolen while the American ships were being unloaded at Hamburg, and that 9 persons have been arrested.

AMERICAN RELIEF SENT TO SIBERIA

(By Associated Press)

LONDON, April 5.—Important developments on the Murmansk front in northern Russia may be expected in a few days, owing to the threat of defection of Finnish troops, according to the Mail, which said that it was to meet this danger that American detachments were sent on two American cruisers which will reach Murmansk early next week.

MACNAMARA MAKES BULLION SHIPMENT
